

How to: **Draw with Python** using Turtle

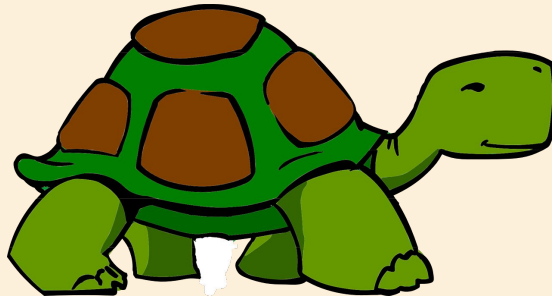

By: 110 Team

What is Turtle?

Turtle is a Python graphics library

Make turtle objects and call methods on
them to draw!

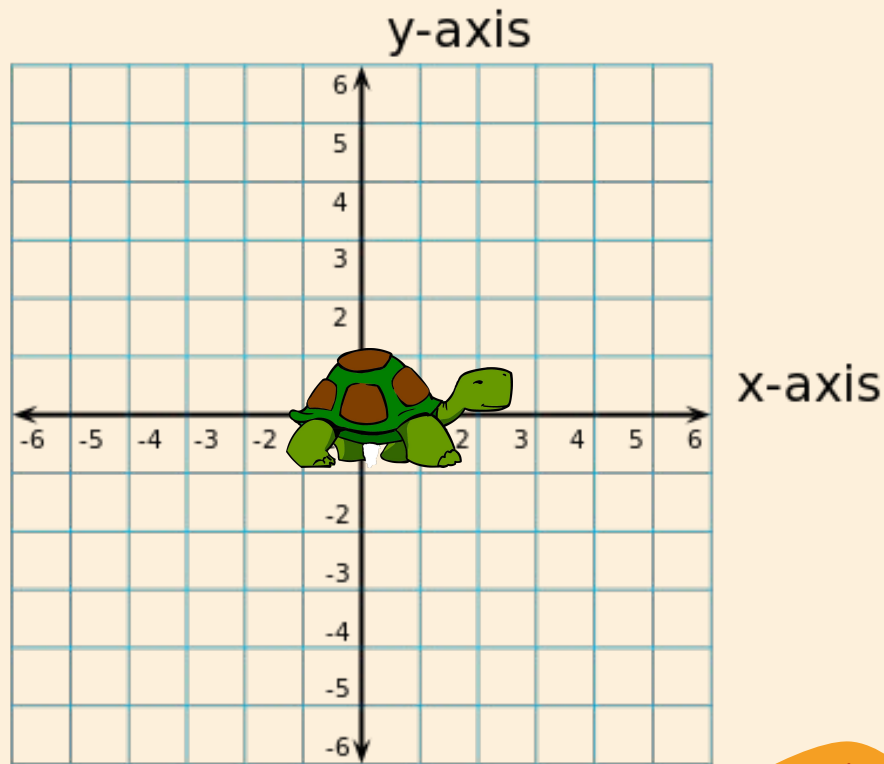

You used it in ex09

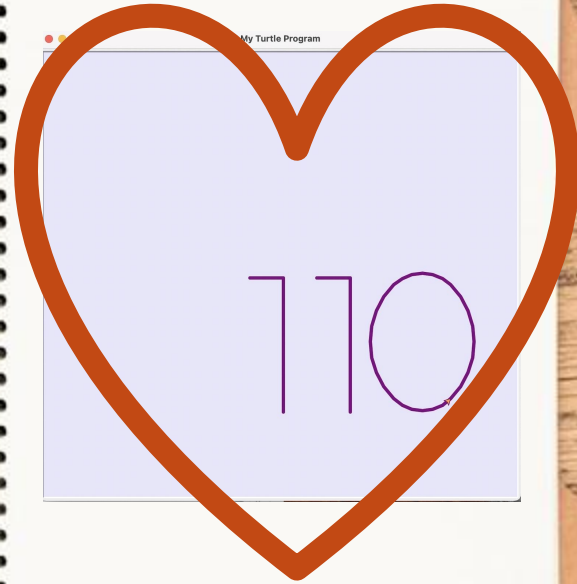

The background is a light cream color with various autumn-themed illustrations. In the top left, there are large orange and yellow circular shapes with stylized leaves and small star-like symbols. In the top right, there is a delicate branch with small leaves and a star. In the bottom left, there are more leaves and a star. In the bottom right, there are larger orange and yellow circular shapes with leaves and a star. The word "MOTA" is centered in a brown, cursive font with a thick underline.
